

# HPA Count of Histologically Scored Proteins per Cell Type

N = 137 ; 100 bins

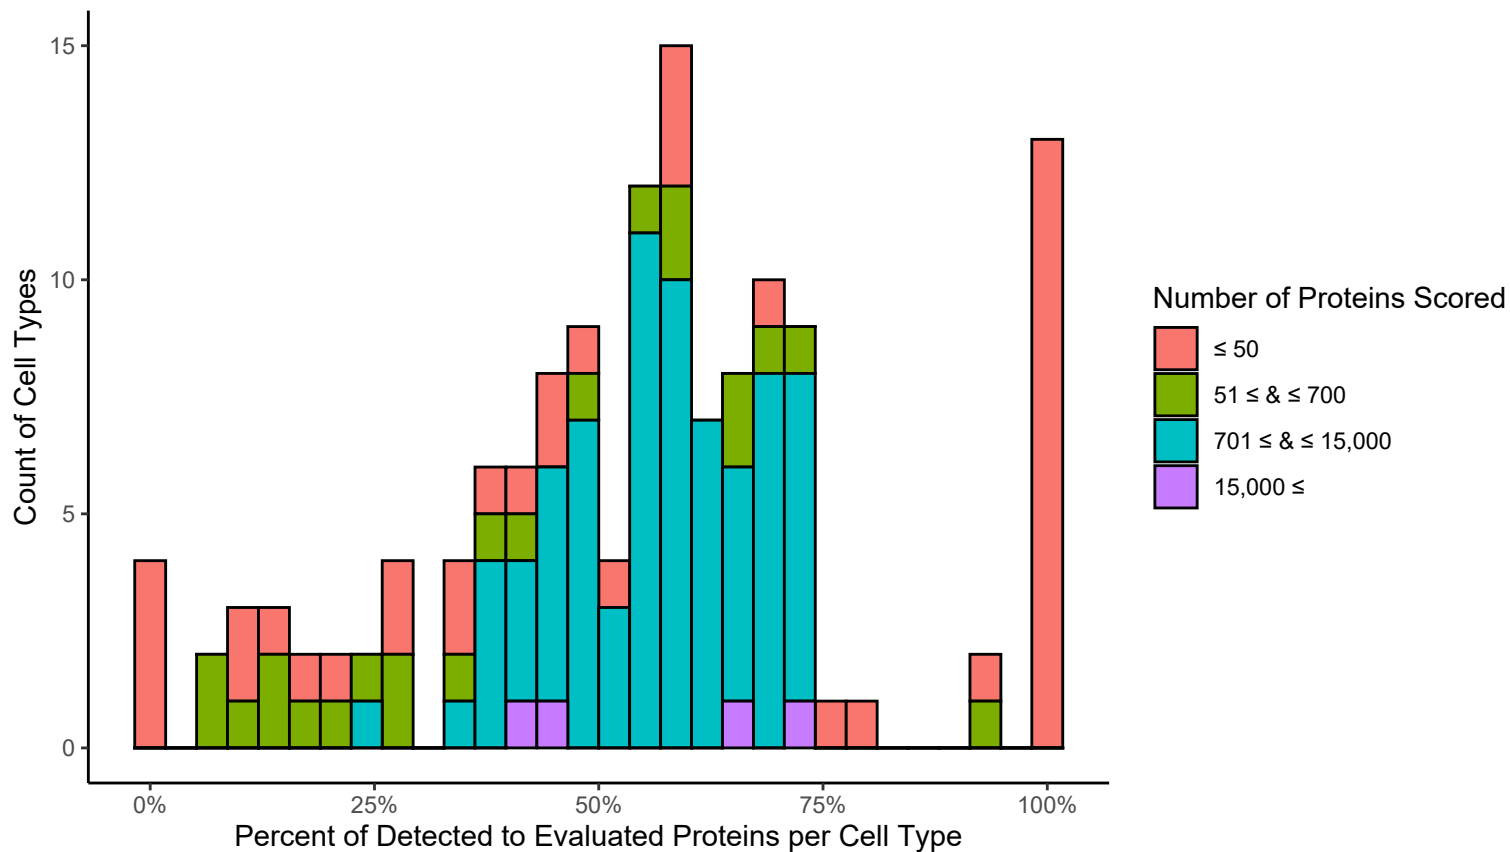

# HPA Detected Proteins

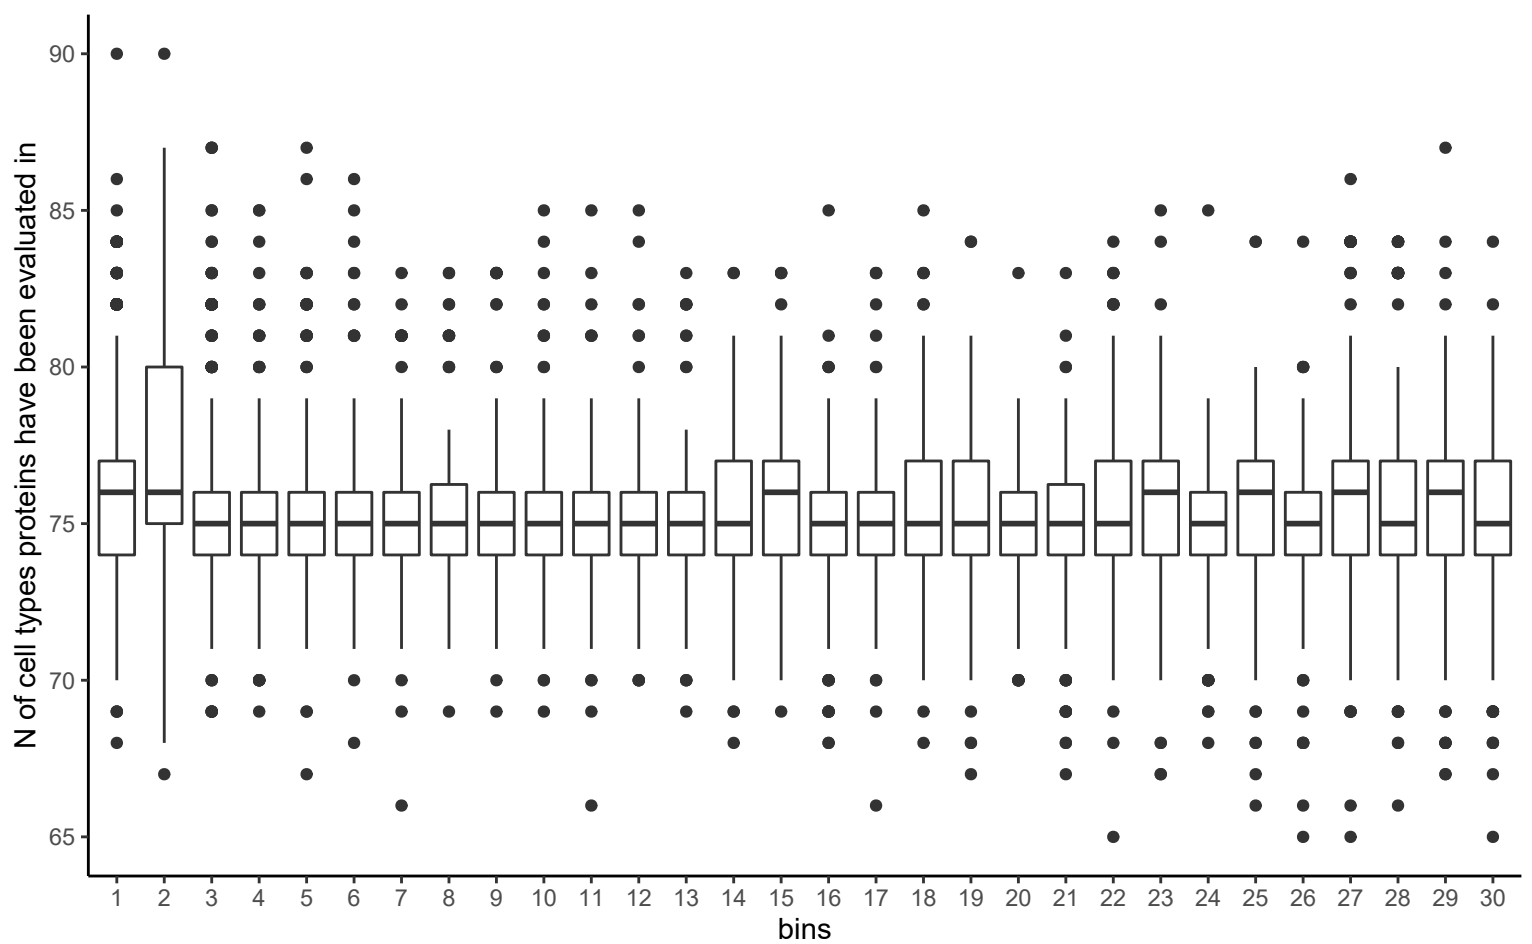

N = 137

# HPA Detected/Histologically Scored Proteins

N = 137

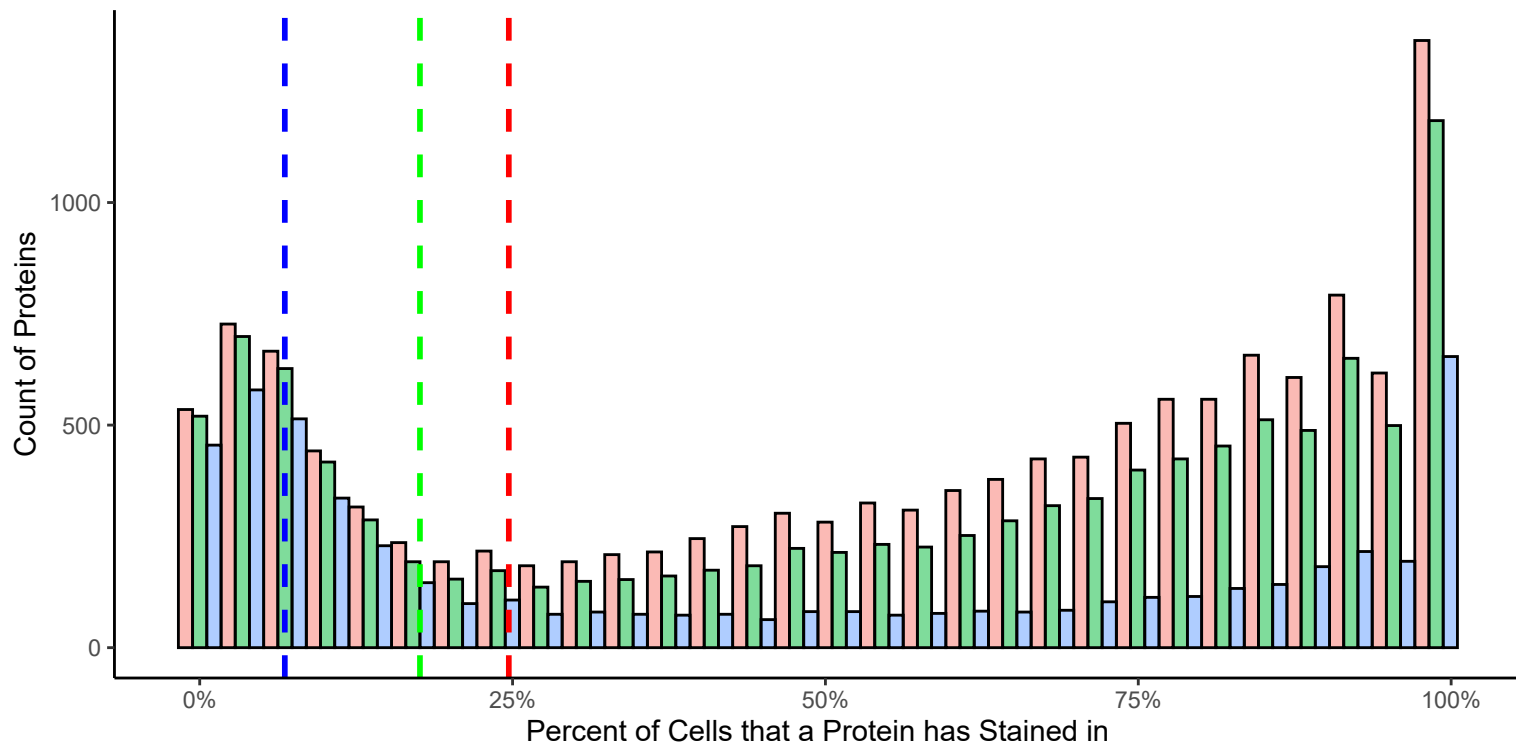

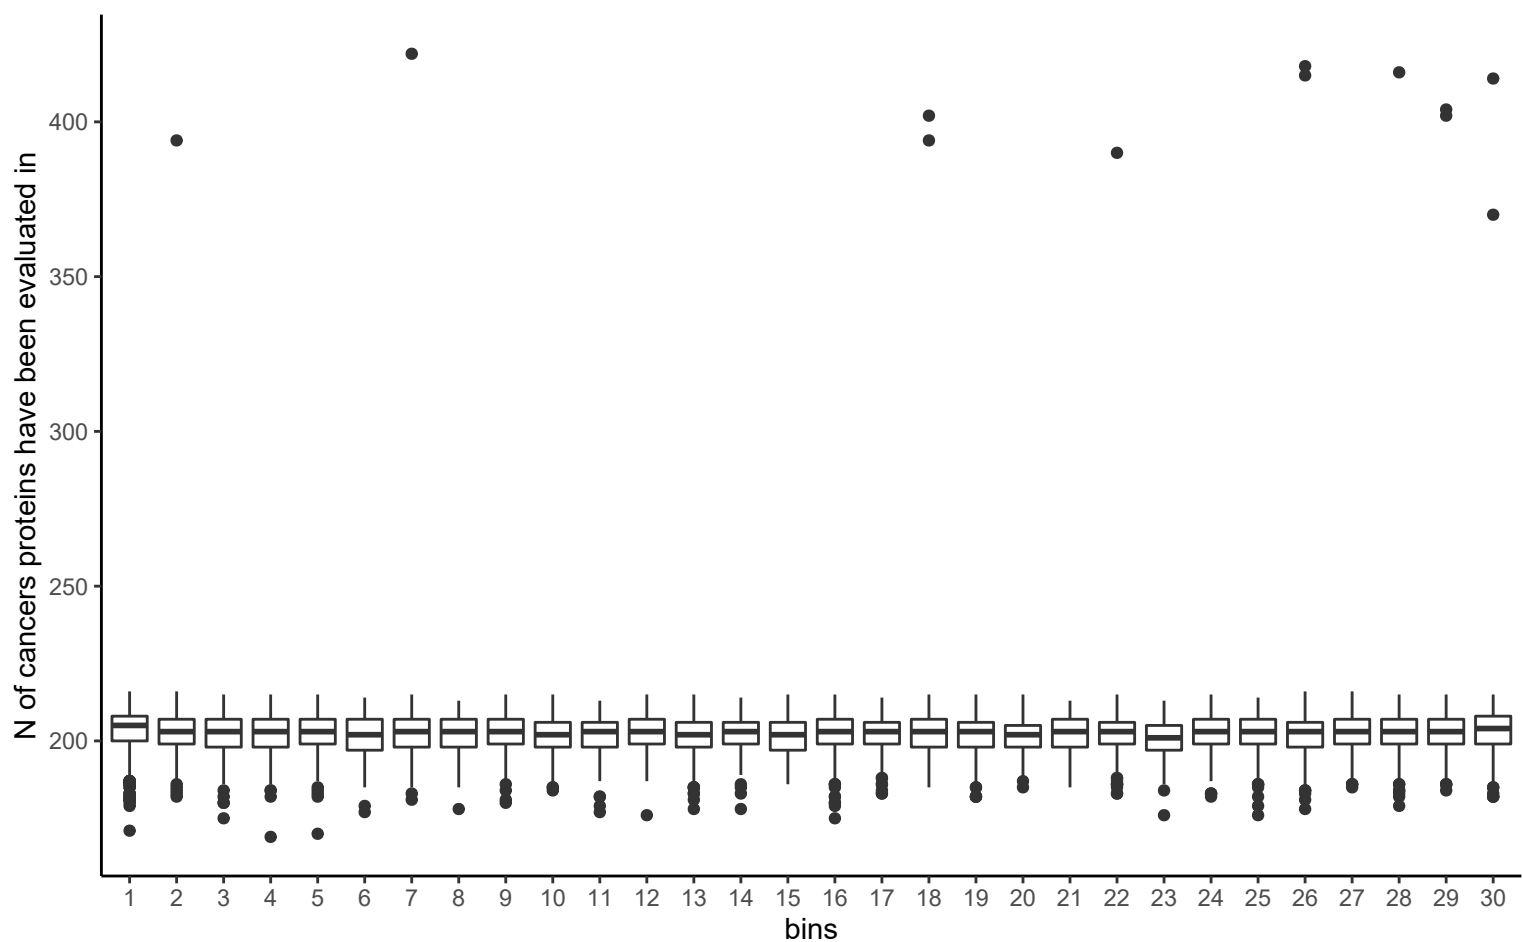

# HPA Ratio of Protein Staining to Protein Histological Scoring

Lines represent 1st quartile for each distribution

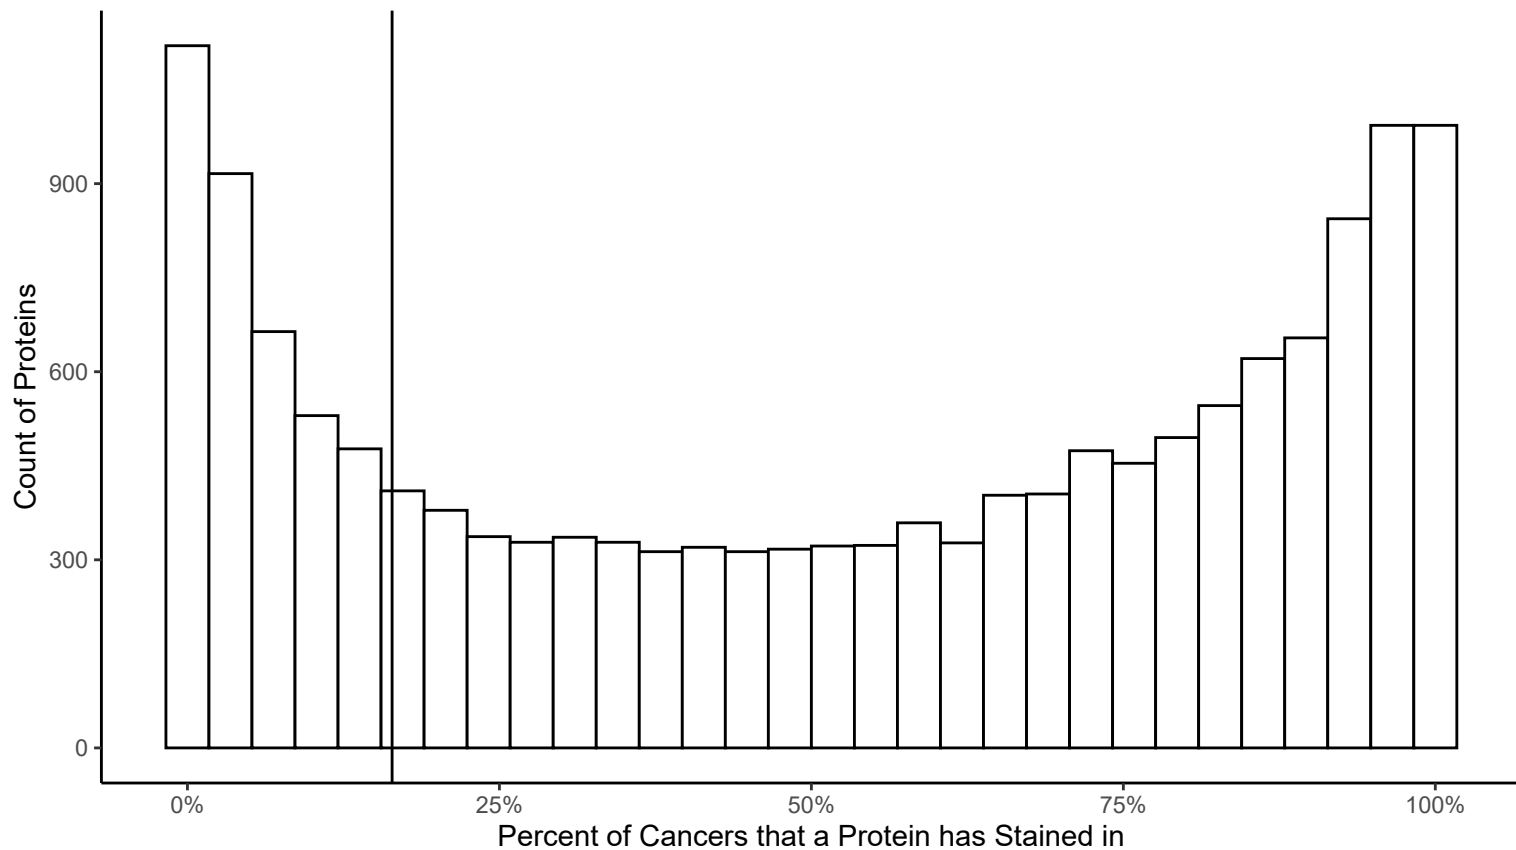

Scoring Quality Stringency ■ Low ■ Normal ■ High

# HPA Cancer Ratio of Protein Staining to Protein Histological Scoring

Line represents 1st quartile the distribution

# PanglaoDB Markers per Cell Type

N = 142
